

Course Title	Reviews/Comments	Score
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Miss Carol Warner was very good, she is very knowledgeable and helpful.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent team approach to teaching (and patient care) for those who want to learn more about acquisition and processing as well as reading.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Overall, a very good exposure to CTA with an abundance of teaching cases. I will recommend your course!	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent setup and course , will highly recommend to others.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Carol Warner is an exceptional instructor.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Significantly improved confidence in interpreting CTA. Carol is an excellent instructor and very patient.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I learned CTA from scratch to being confident in diagnosing very complex cases with the help of just this course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	This was an excellent course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Would like to come back. Carol Warner's teaching skills are excellent. Very good technologist support.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Overall very good course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great course. Got a lot out of it. Good practical tips.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Good course.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course. Changed my outlook on CTA. Am glad I came for the course. Carol was excellent and a great assistant to the program.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course, would highly recommend to others.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great job, keep it up!	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Goals met, very professional.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course, would like to do it again.	5

Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very extensive, practical, hands on experience with cta, technique wise, interpretation of various cardiac pathology by cta, available expert to advise, and valuable tips from Dr. Atallah and Mrs. Maffucci.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Wealth of cases with matched cathetrizations and comprehensive records available, very easy access to high quality images with variable pathology. Supporting staff available and at least 2 to 3 hour aday of reading with Level III reader. I found it extremely useful	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Highly recommended	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I was impressed not only by the variety of pathology, underlying conditions and image quality that I was exposed to, but also the extensive cath angiogram library that correlated nicely with the CTA scans. During this time, I learned to maneuver the imaging system effectively and efficiently and was very comfortable manipulating the inital images in order to obtain sufficient results in very resonable times.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I was first impressed by the facilities as well as by the professionalism and courtesy of the ancillary staff. I was exposed to a wide range of cardiac pathology, including but not limited the challenging cases of coronary artery disease, bypass surgery and congenital anomalies.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I was especially impressed by the wide variety of pathology, underlying conditions and image quality that I was exposed to. Also by the accessibily of reports and corresponding cath findings that only enriched my educational experience and saved a big deal of time.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I strongly feel that my exposure to such interesting cases enable me to effectively tackle real life situations. I highly recommend the rotation to my colleagues.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	There was always someone available to ask questions and get feedback. There are multiple cases on file with cath correlation and you can actually view the films and compare to the CT angio which is a huge advantage over some of the other programs. Overall I would rathe it very highly.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Course objectives were met. Excellent work station, supervised/archived cases and quality of course. Carol has been very helpful.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Dr. Atallah is a great mentor. I would highly recommend this course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Everything about the course was excellent, all the course objectives were met.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The instructor was extremely knowledgeable and available. The workstations were excellent with very powerful manipulations of the data available. The facility has a nice atmosphere, excellent cases and terrific staff. I would come back for refresher course and further training if available.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The archived cases are excellent, and the lectures were very good! I would recommend this course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Dr. Atallah, Carol Maffucci were great. Outstanding course.	5

Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course. Thank you for everything.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very good course. Excellent supervised cases.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course. Will strongly recommend colleagues to participate.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course. Very good archived cases. Would recommend course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very good course. Excellent supervised and archived cases. Made me a believer and plan to incorporate into my practice ASAP.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course. Would recommend.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Outstanding teaching file. Excellent cases with excellent correlation. Carol is a wonderful instructor. Sessions with Dr. Atallah are excellent. Would recommend course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Found info easily on the web, Casey very helpful with questions and registration process. Lectures were focused and concise on pertinent info. Work stations were in a very comfortable environment and easy to access and use. Support staff enjoys teaching process of image acquisition. Reviewing one-on-one with Carol and Dr. Atallah was great. Excellent database of pathology. Instructor communicates well and is a great teacher. In a convenient location, comfortable, well maintained. Very pleased overall.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The one-on-one personal attention and the willingness on the party of Dr. Atallah and his staff to teach and the resources were extremely useful.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Carol Warner very helpful and for determination and patience. Excellent teacher.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I think it's very good course. I will try to come back in the future for another week as refreshment and more training.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Vitrea is a plus! Diverse patients with real-world issues. Excellent variety of archived cases. Super nice and very knowledgeable teacher. Beautiful facility with excellent friendly staff! A very good exposure to CTA with an abundance of teaching cases. I will recommend your course!	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent training program, very helpful staff, always available to answer questions or solve problems.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very good course. Would recommend	5

Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course, would recommend.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course. Would recommend.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The course was well organized. Cases were well reviewed and explained. Each person has a workstation for themselves. Good variety of cases for review.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Overall this was a very good course that I would recommend to others.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Everything about this course was excellent from the Cases to the Facility. All of the course objectives were met. I would definately receoomed this course to a fellow physician	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very good course. Instructors, facility, cases, workstation all very good. Would recommend the course to others.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	This is an excellent training program, the staff is very helpful and always available to answer questions or solve problems. I would definately recommend this course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course for training and manipulation and interpretation of CAC and CTA images. Little time for didactics as you need to see more than 150 cases. Teachings by Dr. Atallah very helpful. Techs were helpful, Dr. Atallah and Carol were both approachable and knowledgeable. The course was very good, I would recommend it to others.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great experience. Comfort level for CT has improved dramatically. I would recommend this course for others. Excellent lectures, workstations, cases, instructors and facility.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Variety of cases, excellent instrucion and overall wonderul and pertinent teaching experience. The CBCCT lectures were up to date and detailed. Facility was very clean, quite and spacious. I am very pleased with the knowledgable instructors and staff. Overall this course was superb! So many varity of pathology and the live cases, so detailed from acquisition to interpretation. Anyone who is interested in learning to read CTA's must attend this course!	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	This course was excellent. Dr. Atallah is very knowledgable and I came out of this course feeling more confident that I thought I ever could.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent comprehensive library. Dr. Atallah is a pioneer in the field and very seasoned lecturer. He was available and provided excellent tips. Carol his NP assistant is very knowledgeable and systemactic. The rest of the staff are very pleasent. Needless to say that the price is very competitive. I would highly recommend this course to others.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	This was an excellent course that was very well organized with a very nice staff. It covers all the aspects of CTA and builds up your skills of performing and interpreting the CTA cases. Outstanding staff including Dr. Atallah, Carol and the technicians. Very nice experience and will be recommended to every person who wants to be great in CTA. The course met all the objectives and was absolutley excellent in every aspect.	5

Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	This was an excellent course. Dr. Atallah and his staff were very informative and helpful. I was pleased at how affordable it was compared to the other courses out there and I was able to meet all the requirements for the cases.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The instructors were on the ball and all the required materials were provided and met. I was also very delighted to obtain CME credits as well. I was very pleased with the course. I recommend it to everyone wanting to become CCTA certified.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent CTA course. I spent 2 weeks here and was able to meet all the requirements I needed to be level III. I was very pleased to see all the different pathology. The facility was great and so was Dr. Atallah and his staff.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very happy with the cases and Dr. Atallah.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very good course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent experience. I would recommend anyone that's serious about CCTA training to come here.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Overall this course was very good. The cases were excellent as well as Dr. Atallah and Carol.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I'd recommend this to fellow colleagues. Pleased with cases and overall happy with the course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The one-on-one personal attention and the willingness on the part of Dr. Atallah and his staff to teach and the resources were extremely useful.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Overall the course was excellent. I was very impressed with Dr. Atallah and his library of cases. Very interesting studies.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	An excellent course that I would indeed recommend to anyone interested in learning to read CCTA's.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Dr. Atallah has gone to great lengths to make CCTA training exceptionally great. I am very grateful to have learned CCTA by Dr. Atallah who attracts physicians worldwide to come and learn from him. He did an excellent job teaching me about this modality and its role in the current management of coronary artery disease. In addition, I acquired knowledge about interpreting the pathology of extracardiac structures. I would also like to extend my thanks to the support staff for the patience and assistance during my time at the facility.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great course! Dr. Atallah and Carol are great! I had a wonderful experience and his staff should be complimented. I learned a great deal at this course. Dr. Atallah is truly an expert!	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Such an excellent course! I'm very happy that a colleague recommended this facility to be the one I attended. The price can't be beat. Such a diverse selection of cases and an outstanding staff. I recommend to everyone interested in learning to read CCTA's.	5

Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course, highly recommended for others.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I did my first CT in my city, Caxias do Sul-Brazil. It was exciting, the patient had chest pain, with normal ECG and Troponin. The CCTA had a high degree lesion in LAD (80) segment 6. The patient was treated successfully with a Stent. Thank you for everything during my stay in Rochester.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent review of varied pathology, coronary anomalies, bypass grafts and native coronaries.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The good volume of CTA performed at RMC gave me the opportunity to interact with patients, performing the procedure along with the radiology technologist as well as processing and analyzing the images. Correlating with cardiac catheterization findings was an excellent experience. I was exposed to a variety of cardiothoracic pathology which helped me build my confidence and skills. I would certainly recommend this rotation to other cardiologists.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	I was exposed to a wide range of cardiac pathology and challenging cases. I was allowed to interview patients, work with the technologist during live acquisition, observe patient prep and troubleshoot. The library of cases are outstanding and correlate with cardiac catheterization. I highly recommend this course to all cardiologists.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent training, great teaching environment.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	The training course was excellent. Appreciated the CBCCT lectures. The vitrea work station was very helpful to analyze lesions. A lot of great interesting pathology.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Dr. Atallah and Carol were very knowledgeable and helpful. Overall excellent course.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great exposure covering a large variety of pathology.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent compilation of cases. Especially with cath correlation makes it valuable!	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course with a large teaching file of complex cases making you very confident in reading cardiac CT studies.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	A great learning experience.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great collection of cases and pathology with corresponding cardiac catheterization. This is an exceptionally great library.	5

Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very high instructor to trainee ratio. Was a unique and outstanding feature of this course, giving multiple opportunities for specific hands-on instruction and addressing specific questions.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent cases and instructor.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very organized teaching and detailed explanation of cardiac CT.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent case collection. Good mentoring.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great cases, lot of pathology, excellent practice. Dr. Atallah is an excellent teacher. He knows exactly what trainees need and provides that in a very calm and clear manner which helps in understanding difficult concepts.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent Course with extensive collection of cardiac pathology.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Course was great.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Overall, a very good course to build a framework for Cardiac CTA imaging.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent all around experience. Knowledgeable and kind instructors and staff. Excellent pathology. Wonderful facility. CBCCT lectures are a great educational tool. Excellent cases in library and live that make great case discussion. This course is top notch!	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Very educational course. I am going to recommend this course to my colleagues .	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	It was an excellent learning experience. The course focused on systematic approach to CTA and clinical correlation of CA findings. I would recommend this CTA course to my friends.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent course. Course had a lot of pathology.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Overall good course.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Excellent training course due to large number and variation of pathology. Dr. Atallah is a great resource and educator.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Dr. Atallah is an excellent instructor. This course has an excellent mix of cases.	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Dr. Atallah is an excellent instructor. Great course. Very useful with a lot of pathology.	5

Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Good course. I would recommend this course to others. .	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great pathology with cases.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Wonderful learning experience. Phenomenal cases!	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Great pathology	5
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Grerat learning experience. I highly recommend to others.	4
Cardiac CT Angiography in Clinical Practice: Level, I, II, and III Certification	Dr. Atallah was very knowledgable.	3
